Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Commissioners,

Since taking office, I have made it a priority to improve the efficiency of the Assessor's Office by creating and modernizing a number of assessment-related operating systems. One of those improvements is the exoneration and corrective ticket process, which is now handled through a new computerized system. This system saves considerable time, improves accuracy, and eliminates many of the calculation errors that previously could occur when work was completed manually.

I share this background to explain the unusually large number of exonerations and corrective tickets being submitted at this time. Due to the computer and server issues that affected county operations this spring, our office developed a backlog of work that could not be processed in a timely manner. The exonerations and corrective tickets included in this submission represent the accumulation of several months of work that was effectively locked within the affected systems until files could be recovered and processed.

Please note that this volume is not typical and does not reflect the normal workload generated by our office. It simply reflects the delayed processing of work resulting from the technology issues we have all experienced. Recovering the files and completing the necessary reviews and processing required a significant amount of time and effort.

I would also like to note that all assessment systems developed and implemented by this office are now functioning as designed. The backlog has been addressed, and these improvements continue to provide greater efficiency, accuracy, and accountability in our daily operations.

I apologize for the size of this submission and appreciate your patience and understanding as we work through the final effects of these disruptions.

Respectfully,

Allen R. Ferree
Harrison County Assessor

NOTICE OF PRIMARY ELECTION CONTEST

TO: TIM MCNEELY, CANDIDATE FOR THE REPUBLICAN PARTY NOMINATION TO WEST VIRGINIA HOUSE OF DELEGATES DISTRICT 71 AND THE COUNTY COMMISSION OF HARRISON COUNTY, WEST VIRGINIA

Now comes Laura Kimble ("Contestant"), by counsel, pursuant to WV Code § 3-5-20, and formally contests the 2026 Primary Election for the 71st House of Delegates District. In support and as a factual basis for this contest, Contestant states as follows:

1. Voting for this contested election was completed on May 12, 2026.

2. The canvas was conducted on Monday, May 18, 2026.

3. Contestant demanded a recount which was concluded on Thursday, May 28, 2026.

4. At the close of the recount, the official vote total in the contested election was 688 votes for Tim McNeely and 682 votes for Laura Kimble, reflecting a margin of six (6) votes.

5. The contested primary election was certified after the recount on Thursday, May 28, 2026.

6. On Monday, June 1, 2026, Contestant became aware of the potential for voting improprieties by virtue of an article entitled "Fayette County Clerk calls for election procedure changes following Republican primary voting issues."

7. In that article, Fayette County Clerk Michelle Holly is quoted as saying that she "discovered that approximately 90 non-partisan or Democratic voters had been allowed to vote a Republican ballot in a handful of precincts."

8. On information and belief, in January 2024, the West Virginia Republican Party closed its primary to unaffiliated voters beginning with the 2026 primary election. Accordingly, any Republican ballots casts by anyone other than a legally and properly registered Republican in the 2026 primary election are illegal, should not be counted, and, if previously counted, should be disallowed and reversed.

9. Clerk Holly is further quoted as follows: "The only way to absolutely guarantee that West Virginia has safe, secure, and accessible primary elections and this issue doesn't happen again will be to incorporate new procedures and equipment such as electronic pollbooks. This problem will keep popping up around the state until we do so, even with the best efforts of our poll workers. The state of Ohio has a program in place where the state supports counties with funding for updated election equipment. I am calling on our partners in the state legislature to consider something similar, so that we can permanently fix this problem."

10. Clerk Holly's comments suggest that the voting equipment currently in use is not sufficiently nimble, without great expense, to adapt to periodic changes in an efficient fashion. The decision to close the Republican primary to non-Republican voters was made in January 2024, over two (2) years prior to the 2026 primary election.

11. Upon information and belief, the possibility existed for non-Republicans to select a Republican ballot, because the voter operated voting machines in use permitted the voter to select any ballot, rather than limiting voter choice to only those ballots which are legal based on the voter's registration status.

12. Upon learning of the situation in Fayette County, Contestant contacted Harrison County Clerk John Spires to ascertain whether the same possibility existed in Harrison County for non-Republican voters to select a Republican ballot.

13. Mr. Spires advised that the same possibility did exist but advised that his office attempted to minimize or eliminate the possibility of non-Republican voters selecting a Republican ballot by training poll workers to assist voters through the process of selecting their ballots.

14. In an effort to determine whether any non-Republican voters voted a Republican ballot in any precinct in the 71st District, Contestant obtained from the Harrison County Clerk a listing of the voter history, which reflects all voters who voted in each precinct and compared it with the precinct results. A copy of the precinct results is attached as Exhibit 1. A copy of the voter history is attached as Exhibit 2.

15. Upon information and belief, the voter history provided reflects the party registration of each voter in the 2026 primary election as of June 2, 2026, twenty-one (21) days after the May 12, 2026 official election day. Because the voter history reflects each primary voter's registration as of June 2, 2026, rather than the date of their vote, the comparison is helpful but inconclusive.

16. Upon information and belief, there are discrepancies between the voter history and the precinct results indicating that more Republican ballots were counted than the number of registered Republications voting in the same precincts in the 71st District as follows:

a. Precinct 10
39 Republican voters
44 Republican votes
(5 more votes than voters)

b. Precinct 66
30 Republican voters
33 Republican votes
(3 more votes than voters)

c. Precinct 120
98 Republican voters
99 Republican votes
(1 more vote than voters)

d. Precinct 121
15 Republican voters
19 Republican votes
(4 more votes than voters)

e. Precinct 122
35 Republican voters
37 Republican votes
(2 more votes than voters)

f. Precinct 123
277 Republican voters
285 Republican votes
(8 more votes than voters)

g. Precinct 126
117 Republican voters
118 Republican votes
(1 more vote than voters)

h. Precinct 128
92 Republican voters
94 Republican votes
(2 more votes than voters)

i. Precinct 129B
164 Republican voters
165 Republican votes
(1 more vote than voters)

j. Precinct 129C
58 Republican voters
59 Republican votes
(1 more vote than voters)

17. Upon information and belief, there are a total of twenty-eight (28) instances where the number of Republican ballots cast in the contested election appears to exceed the number of registered Republicans who voted in the applicable precinct.

18. It is possible that, in some of these instances, it may be that a registered Republican appropriately voted a Republican ballot but then later changed his or her party affiliation to something other than Republican before June 2, 2026 (the date the voter history report was generated).

19. In fact, upon the advice of the Harrison County Clerk, the technology used for early voting eliminated the opportunity for a voter to choose an illegal ballot, so any instances of an early voter discrepancy between the voter history and the precinct results may be more likely the result of such a registration change than the use of an improper ballot.

20. Upon information and belief, after excluding such discrepancies in the early voting numbers in the aforementioned precincts, there remain twenty-six (26) instances where the number of Republican ballots cast in the contested election appears to exceed the number of registered Republicans who voted.

21. Upon information and belief, the data, documents, and information which might be utilized to determine which, if any of the twenty-eight (28) instances were in fact Republican ballots cast by voters who were not registered Republican at the time of their vote is not available to the Contestant, but, by Statute, will be available to the County Commission as part of the procedures and protocols for this contest.

WHEREFORE, Laura Kimble hereby disputes all Republican ballots cast in the 2026 Primary Election for the 71st House of Delegates District in excess of the number of registered Republican voters appearing on the voter history for the 2026 Primary Election, including those identified in this notice, for the reasons stated herein and requests the County Commission to hear all such legal and proper evidence that may be brought before it and require

the production of any data, documentation, and information, including, but not limited to, poll books, certificates, and ballots deposited with the Clerk necessary in order to determine:

a. whether any Republican ballots were improperly and illegally cast by non-Republican voters;

b. the number of such Republican ballots which were improperly and illegally cast by non-Republican voters; and

c. the specific identity of any and all such improperly and illegally ballots illegally cast.

Contestant requests the disallowance and reversal of such improperly and illegally cast ballots identified, and such other relief as may be warranted and justified in light of the evidence and the findings of the County Commission.

Dated this 5th day of June, 2026.

TIM McNEELY'S RESPONSE AND MOTION TO DISMISS
LAURA KIMBLE'S NOTICE OF PRIMARY ELECTION RECOUNT

Contestee, Tim McNeely, by counsel, Bowles Rice LLP, hereby responds to the Notice of Primary Election Contest filed by Laura Kimble on June 5, 2026 (the "Notice"). Contestee further moves the Harrison County Commission to dismiss the Notice, and in support thereof, states as follows:

FACTS

The May 12, 2026 Republican Primary Election for House of Delegates, District 71 was conducted pursuant to the election laws of the State of West Virginia. The election results were canvassed, a recount was demanded by Contestant and conducted by the Harrison County Commission sitting as the Board of Canvassers, and the recount concluded with Contestee receiving 688 votes and Contestant receiving 682 votes, the same results identified during the canvass. Contestee was thereafter certified as the Republican nominee. On or about June 5, 2026, Contestant filed a Notice of Primary Election Contest pursuant to West Virginia Code § 3-5-20.

ARGUMENT/RESPONSE

West Virginia law is clear that an election contest is purely a statutory proceeding and that the statutory requirements governing such contests must be strictly complied with. *Staley v. Wayne County Court*, 137 W. Va. 431, 73 S.E.2d 827 (1952). The Supreme Court of Appeals has expressly held that election contest statutes are mandatory and jurisdictional in nature and that strict compliance is required. *Id*. at 438-39, 73 S.E.2d at 831-32. The procedure governing primary election contests is the same procedure applicable to contests of county elections. W. Va. Code § 3-5-20. In *Irons v. Fry*, the Supreme Court held that an election contest notice that failed to satisfy the statutory requirements was insufficient and subject to dismissal. 129 W. Va. 284, 289-90, 40 S.E.2d 340, 343-44 (1946). A candidate may contest a primary election "in which any primary election procedures, practices, or results may be in issue." W. Va. Code § 3-5-20.

Contestee denies that the Notice sets forth sufficient facts to establish that any illegal votes were cast, that any illegal ballots were counted, or that the certified result of the election is incorrect. Contestant's allegations are based upon assumptions and inferences drawn from a comparison of precinct vote totals and voter-history records generated *after* the election. The Notice itself acknowledges that the voter-history information relied upon by Contestant is inconclusive and may reflect voter registration changes occurring *after* Election Day. The Notice further acknowledges that Contestant does not possess the information necessary to determine whether any allegedly improper Republican ballots were cast and requests that the County Commission obtain and review records to make that determination.

Contestant's Notice fails to identify any specific vote she disputes, any specific voter whose qualifications are challenged, any specific ballot alleged to have been illegally cast, or any vote allegedly rejected in error. Instead, Contestant identifies only statistical discrepancies that she

believes may warrant further investigation and expressly requests that the County Commission determine whether any improper votes exist. The election contest statutes contemplate the identification of disputed votes and objections thereto; they do not authorize a contestant to initiate a contest for the purpose of discovering whether grounds for a contest may exist. Moreover, Contestant has failed to allege facts establishing that any allegedly improper ballot was cast for Contestee rather than Contestant. Even assuming, solely for purposes of argument, that one or more non-Republican voters were improperly issued Republican ballots, Contestant has alleged no facts establishing how any such voter voted or whether any such ballot affected the certified election result.

Contestant's reliance upon reported events in Fayette County does not cure the deficiencies in her Notice and provides no basis to disturb the certified results in Harrison County. This contest concerns the 2026 Republican Primary Election for House of Delegates, District 71 in Harrison County. Allegations concerning election administration in another county, involving different precincts, different election officials, different poll workers, different equipment and procedures, and different voters, do not establish that any illegal vote was cast or counted in Harrison County. Further, any evidence of discrepancies in a Fayette County election does not de facto impute discrepancies onto all elections that occurred in West Virginia, and further does not satisfy the standard set forth in West Virginia Code § 3-5-20.

The Fayette County allegations are particularly immaterial here because Harrison County already conducted the statutory canvass and a recount at Contestant's request. That recount resulted in the same vote totals identified during the canvass: 688 votes for Contestee and 682 votes for Contestant. The recount did not reveal a single ballot-counting error, tabulation error, or other irregularity affecting the certified result. Contestant cannot rely on concerns reportedly raised in

Fayette County as a substitute for competent evidence of a legally cognizable election irregularity in Harrison County.

At most, the Fayette County article cited in the Notice prompted Contestant to speculate that a similar issue might have occurred elsewhere. Speculation based on events in another county is not evidence that any non-Republican voter in Harrison County cast a Republican ballot, that any such ballot was counted, that any such ballot was cast for Contestee, or that the outcome of this election was affected. West Virginia election contest law requires strict compliance with the statutory contest procedure and proof directed to the election actually contested; it does not authorize the certified results of one county's election to be questioned based on unrelated allegations arising in another county.

Contestee understands that, prior to election day, election officials trained poll workers regarding party-ballot selection procedures, placed signs around each precinct reminding poll workers and voters of the non-Republican voting restrictions, and that election officials are unaware of any evidence of fraud, misconduct, corruption, or intentional wrongdoing in connection with the election. It is Contestee's further understanding that the Harrison County Commission, clerks, poll workers, and election officials did not receive complaints on Election Day regarding the issuance of Republican ballots to ineligible voters. Finally, based on the information presently available, Contestee understands that, because of the secrecy of the ballot, there exists no means by which any ballot may be traced to an individual voter. Accordingly, Contestant cannot identify any allegedly improper ballot, determine for whom any such ballot was cast, or establish that any such ballot affected the outcome of the election. The relief requested by Contestant therefore rests upon speculation rather than proof.

CONCLUSION

The certified election results and the results of the recount are entitled to a presumption of validity and correctness. Contestant bears the burden of proving the allegations set forth in her Notice and of establishing that any alleged irregularity occurred in Harrison County and affected the outcome of this election. The Notice filed in this matter does not satisfy that burden. It fails to identify any specific disputed vote, relies in part upon unrelated allegations from Fayette County, and fails to state a legally sufficient basis upon which the certified election result may be disturbed.

WHEREFORE, Contestee Tim McNeely respectfully requests that the Harrison County Commission dismiss the Notice of Primary Election Contest, affirm the certified results of the May 12, 2026 Republican Primary Election for House of Delegates District 71, award Contestee attorneys' fees and costs incurred in the defense of the results, award Contestee all costs pursuant to the West Virginia Code § 3-7-9, award such other and further relief as may be appropriate, and grant such additional relief as justice requires.

Laura Pysz-Laulis
County Administrator

Dear Mrs. Pysz-Laulis,

The Harrison County Commission, the Harrison County Board of Education, and the City of Clarksburg rotate appointments to the five-member Board of Trustees for the Clarksburg-Harrison Public Library under the terms of the special funding law. It is the Harrison County Commission's turn to appoint a board member for a five-year term that will begin in July 2026.

Michelle Palmer, whose term is now up at the end of this month, was initially appointed by the City of Clarksburg for a term that began in July 2021. Mrs. Palmer has been a hardworking and dedicated trustee and a strong advocate for libraries. She has been such an asset with her background in HR experience, finances, management, and developing policies. Mrs. Palmer is active in the community with assisting at First United Methodist Church's warming shelter so she understands the issues that arise from homelessness that we also encounter here at the library. With unanimous support for this request on behalf of the Board of Trustees, I respectfully request that Mrs. Palmer be appointed to the Library Board for another five-year term that will run until June 2031. It would be a great benefit to the library to have Mrs. Palmer's continued service on our board.

Thank you for your consideration of this request.

Sincerely,

Shannon Beam
