Dear Taxpayer:

This is in response to your Mar. 30, 2012, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in September 1979.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section 509(a)(2).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

S. A. Martin, Operations Manager

VIII. GENERAL MANAGER'S REPORT AND BUSINESS MATTERS

Water System Improvements Project - Phase 3A and Phase 3B**Project Update**

Mr. Tenney provided a status report on Phase 3A of the Water System Improvements Project, covering all four contracts: North View (Bear Contracting), Hartland/Stealey (Doss Enterprises), Armory Road (D & M Contracting), and Downtown (Independent Enterprises).

Mr. Smith gave an update on Phase 3B of the Water System Improvements Project. Thrasher is preparing the Preliminary Engineering Report (PER) for Phase 3B with an estimated project budget of \$50 million dollars. Members of the project team will meet next week to scale down the project within budget. Within the project budget anticipated funding is grant monies of about \$19 million dollars for lead line replacement from the West Virginia Department of Environmental Protection (WVDEP). He noted that he has spoken to Kathy Emery (WVDEP) about these funds. She is in the process of preparing a binding commitment to secure these funds for this project. Also included is \$9 million dollars from Congressionally Directed Spending and Community Project Funding. This will leave a budget shortfall of about \$22 million dollars. This shortfall will have to be funded by loans/bonds through Drinking Water State Revolving Funds (DWSRF) and West Virginia Infrastructure and Jobs Development Council (WVIJDC) hopefully with favorable terms like the Phase 3A. Thrasher is working on the PER and should have it done and submitted it to the WVIJDC by June 10, 2025. The WVIJDC will have the PER sent to the Technical Review Committee for review and recommendations sometime toward the end of July 2025. After that, it moves to the whole WVIJDC Board for consideration around the beginning of August 2025.

Mr. Myers asked how much funding would be remaining to replace problematic transmission/main lines after addressing established priorities?

Mr. Smith advised that he didn't have any numbers yet, but explained the priorities for Phase 3B. These priorities are: (1) removal and replacement of all remaining lead lines; (2) replacing water transmission/main lines less than six-inches that feed fire hydrants; (3) anywhere there is a street that has 67% of its lines are lead, the water transmission/main line will be replaced; and (last) all remaining funds will be used to replace problematic transmission/main lines.

Ms. Johnson added that she has been working close with The Thrasher Group on Project 3A and Project 3B.

Consider all actionable items including but not limited to cost estimates, contracts, bids, quotes, invoices, pay requisitions, resolutions, and change orders.

No actionable items were presented.

Snake Hollow Road Water Line Extension Project

Project Update

Mr. Tenney provided a status report on the Snake Hollow Water Line Extension Project. He advised that Midkiff, LLC (contractor) moved in last Monday and started laying water lines on Tuesday. They worked four days last week and one day this week. They got a little over 2,000 feet installed already. They put in some rock-lined ditches, which looks very good. They hit some rock, but are progressing very well.

Mr. Cox asked when the project will be finished?

Mr. Tenney replied that per the contract it would take six weeks to complete. However, he felt that at the rate they're going it will be finished much sooner.

Ms. Johnson reported that she was waiting on the first pay application.

Consider all actionable items including but not limited to cost estimates, contracts, bids, quotes, invoices, pay requisitions, resolutions, and change orders.

No actionable items were presented.

Second Street Pump Station Project

Project Update

Mr. Smith reported that all documents have been signed and recorded between Clarksburg Water and EFI Solutions (vendor) for the Second Street Pump Station Project. The pump station is currently in production and slated for delivery this fall.

Consider all actionable items including but not limited to cost estimates, contracts, bids, quotes, invoices, pay requisitions, resolutions, and change orders.

No actionable items were presented.

TTHM Removal Project

Project Update

Mr. Myers reported on the TTHM Removal Project. He and Ms. Johnson are going to meet tomorrow morning to revise the project narrative and budget. He explained why the project narrative and budget needed to be revised. Once this information is submitted to Ms. O'Neill with the United States Environmental Protection Agency, a notice to proceed should be forthcoming. Once the notice to proceed is received, Wiggins Engineering Services, Inc. (WES) can start ordering parts to begin building the equipment for the Water Treatment Plant Clearwell.

Consider all actionable items including but not limited to cost estimates, contracts, bids, quotes, invoices, pay requisitions, resolutions, and change orders.

No actionable items were presented.

Operation and Maintenance Agreement between Clarksburg Water Board and Short Line Public Service District

Status Update

Mr. Myers reported on the Operation and Management Agreement between the Clarksburg Water Board and Short Line Public Service District (PSD). He noted that he received all three board members' resignations effective June 30, 2025. These resignations will be forwarded to the Harrison County Commission for review and consideration at their next meeting scheduled on Wednesday, June 4, 2025. If accepted, the County Commissioners will consider approval of appointing the Clarksburg Water Board as the acting board for the Short Line PSD until it is officially dissolved by the West Virginia Public Service Commission (PSC).

Mr. Stranko reported that the Order from the PSC Administrative Law Judge for the Operation and Management (O & M) Agreement between the Clarksburg Water Board and Short Line PSD was published earlier today approving the Order. There is a 10-day appeal period for anyone who wants to object to the order. Which he couldn't see that happening in this case. The CWB Board of Directors' objective was to have this O & M Agreement approved by the end of the fiscal year and Mr. Myers and he made that happen.

Mr. Cox reported that he and Mr. Myers attended Short Line PSD's monthly meeting last week. Both of them gave their Board of Directors an

update to the transitioning of operations from Short Line PSD to Clarksburg Water Board.

Mrs. Thomas stated that she appreciated the CWB working with the Board of Directors of Short Line PSD to make this transition happen. This is in the best interest of the customers in that area of the county.

Mr. Myers thanked Mrs. Thomas for her help in making this happen. This could not have been made possible without teamwork between CWB, Harrison County Commission, and Short Line PSD. He went on to say that these consolidations/mergers are priority for the Harrison County Commission. Consolidating/merging where it makes sense and in the best interest of the ratepayers. One important item, the CWB will not be able to enter into an Asset Purchase Agreement with Short Line PSD until their \$3.5 million dollar project is completed and closed out.

Consider all actionable items pertaining to the Operation and Maintenance Agreement between Clarksburg Water Board and Short Line Public Service District.

No actionable items were presented.

Summit Park Public Service District

Consider an Asset Purchase Agreement between the Clarksburg Water Board and the Summit Park Public Service District.

Mr. Myers reported that he was approached by a couple board members from Summit Park Public Service District (PSD) regarding a potential consolidation/merger of their system. These individuals were concerned about the continuation of increased rates on water and sewer over the last couple of years. It's getting to where the customers aren't able to keep up. According the U.S. Census, the area of Summit Park PSD has been designated as a distressed area. With a PSD of less than 500 customers, the economies of scale don't add up causing high rates. In order for this transition to work, we needed interest from the Clarksburg Sanitary Board. This is because CWB is not positioned to take over a sewer system; only the water system. In order to take over Summit Park PSD, both systems (water and sewer) would have to be taken or it wouldn't be possible. Ms. Fell (Clarksburg City Manager) set up a meeting between the CWB and the Clarksburg Sanitary Board. Both agencies agreed to enter into an Asset Purchase Agreement with Summit Park PSD. This approach doesn't have and Operations and Maintenance Agreement tied to it; it's a straight-out acquisition. He noted if approved by the CWB Board of Directors today, he would call Summit Park PSD's General Manager and

request that the Asset Purchase Agreement be placed on the next board meeting agenda for discussion and consideration. Just like Short Line PSD, this transition is in the best interest of Summit Park PSD's customers. Mr. Myers and Mr. Stranko recommended the Board of Directors approve the Asset Purchase Agreement between the Clarksburg Water Board and Summit Park PSD.

Mrs. Thomas wanted to thank Mr. Stranko for working on all these projects.

A MOTION was made by Mr. Howe, seconded by Mr. Sigmon, and unanimously carried, approving the Asset Purchase Agreement between the Clarksburg Water Board and Summit Park Public Service District.
MOTION PASSED

Audit Selection Committee

Consider appointments to serve on the Audit Selection Committee.

Mr. Ferrell reported that he was advertising Request for Proposal (RFP) for professional auditing services to perform financial statement audits for fiscal years 2025, 2026, and 2027. Once all RFP's are received, the CWB's Audit Selection Committee, consisting of three members of whom is appointed by the Board of Director, will review and score each RFP. The scores of each RFP will be tallied. The RFP with the highest score will be recommended by the Audit Selection Committee to the Board of Directors at the next board meeting.

Mr. Myers recommended that the Board of Directors appointment Mr. Cox, Mr. Ferrell, and himself to the Audit Selection Committee.

A MOTION was made by Mr. Sigmon, seconded by Mr. Howe, and unanimously carried, approving the appointments of Albert Cox, Jason Ferrell, and Jason Myers to the Audit Selection Committee. **MOTION PASSED**

Hi Laura,

I just noticed that the current Family Court MOU agreement between the Harrison County Commission and the Supreme Court expired on 6/30/25. The Auditor's office will not process your invoice since the agreement is expired. If there are no changes to the attached agreement, I can simply update the dates and have Mr. Hoover sign. Then, send it to you for signature. If there are changes that you request, I will have to make a formal presentation at the next Administrative Conference of the Supreme Court Justices. They meet in late August.

Please let me know how to proceed or if you need to discuss, please give me a call.

Thank you,

FAMILY COURT FACILITY AND SECURITY STANDARDS

Preamble

Pursuant to W. Va. Code § 51-2A-20, the Supreme Court of Appeals of West Virginia, meeting in Conference on March 27, 2003, adopted the following standards for family court facilities:

It is the responsibility of each county commission to provide premises for the family court which are adequate for the conduct of the duties required of the family court and which conform to standards established by rules promulgated by the Supreme Court of Appeals of West Virginia. W. Va. Code § 51-2A-20.

Court facilities not only should be efficient and comfortable, but also should reflect the independence and importance of our judicial system in their design. It is difficult for our citizens to have respect for the courts and the law, and for those who work in the court, if the court is housed in facilities that detract from its stature. Similarly, it is difficult for court officers and staff to provide high quality customer services in an atmosphere of dignity and respect in inadequate quarters. The Court's mission is that all Court employees treat the public with the highest levels of courtesy and respect.

County commissions should work with the Administrative Office of Courts in planning new, or revising existing, family court facilities. The Administrative Director of Courts must approve family court facility plans before construction or renovation may begin. The county commission shall also ensure that the family court facility meets the standards set by the State Fire Marshal and is in compliance with the Americans with Disabilities Act (ADA). The Court asks that each county commission strive to be in full compliance with these standards within a reasonable period of time.

SPECIFIC REQUIREMENTS

1. The judge shall have an individual office. The office shall be located in the courthouse, judicial annex or other court facility within the county, and the office shall have a minimum of 150 square feet. If there is insufficient space in a judicial or other county building, then appropriate space shall be rented in a privately owned building.

2. Each family court secretary/clerk shall have an individual office located adjacent to the family court judge's office with a minimum of 200 square feet. In a non-headquarters county of a multi county family court circuit, it is not essential to include a secretary/clerk's office if the secretary/clerk does not ordinarily work in that county.

3. Each family case coordinator shall have an individual office located adjacent to the family court judge's office with a minimum of 200 square feet. In a non-headquarters county of a multi county family court circuit, it is not essential to include a case coordinator's office if the case coordinator does not ordinarily work in that county.

4. There shall be a hearing room with a minimum of 300 square feet and two separate entrances one of which is located adjacent to the bench. If the circuit court judge and county commission agree, the circuit courtroom facilities may be used as the hearing room.

The hearing room should provide a platform for the family court judge's bench. The eye level of the family court judge should be higher than that of the average standing attorney. Generally, the minimum elevation of the platform for the bench should be 21 inches. The bench should be elevated three risers (18 to 21 inches) in a small or medium-sized courtroom and four risers (24 to 26 inches) in a large courtroom. The bench should be enclosed so that access to the judge is difficult. The bench may be enclosed by having it run the length of the room so that the area behind the bench is accessible only by a separate door, or by enclosing the bench on three sides with the fourth side being a wall. The enclosed bench area should include a doorway that leads into a safe room, (*i.e.*, one that cannot be accessed by the public). The door should be capable of being locked from inside the safe room. The inside wall(s) of the bench should be lined with ballistic (bulletproof) material.

In each courtroom, there should be two separate tables for the parties that face the bench as opposed to one table where the parties face each other.

5. There shall be no less than two, and, if appropriate, more conference rooms, of at least 120 square feet, suitable for attorneys to consult with their clients and opposing counsel in advance of their hearings.

6. The entrance/lobby needs to orient the user to the different functions and operations performed by the court and should serve as the focal point of the office. Appropriate signs and information to direct users to their destination should be located here. Information on court cases should be prominently displayed. There shall be no less than two waiting rooms. Each waiting room must be large enough (200 to 400 square feet) to seat litigants, attorneys and witnesses while they wait for their hearings, and to insure that people are not forced to wait for hearings in hallways, stairwells, other county offices or outdoors. Family court waiting rooms should have cameras, which feed live pictures to closed circuit televisions monitored by local 911 centers.

7. The hearing room and family court offices shall be suitably located for convenient access for members of the public and shall provide adequate restroom facilities. It is recommended that separate restroom facilities for family court judges/staff be provided.

8. All of the family court facilities shall be accessible to persons with disabilities.

SECURITY

9. Security is a major concern for all persons involved in family court proceedings. Special measures must be provided to address the danger inherent in these cases. The location of the family court office in the courthouse, the provision of adequate waiting room space, and the placement of two exits in each hearing room are all-important safety issues.

10. One main entrance should be secured, and everyone entering the building should be screened. If possible, everyone should pass through a metal detector, and all bags and parcels should be screened by x-ray machine. Once in the facility, the public and parties to the case should be limited to public circulation. Family court judges and staff should not operate screening equipment.

11. Persons having business with the family court or other court officials should be required to pass through a reception area before having access to any private or work areas of the building. A physical barrier should be placed between any reception area and private or work areas. The barrier should consist of a wall containing a door or doors, which lock from the private or work area side, and a glass window that has a narrow opening through which papers may pass. The window should also contain a speaker or covered vent through which sound may pass.

12. Assuming that the family court staff offices and courtroom are not freely accessible to the public, each door in the family court office should have a small window placed within it so that a bailiff or other staff person may monitor the safety of the persons using these rooms without entering the rooms.

13. Windows should be covered with blinds, fabric or other opaque materials if it is possible for members of the public to see through the windows inside those rooms.

14. Parking spaces assigned to family court judges and signs, which indicate that the spaces are assigned to a judge or staff, should not mark staff.

15. Family court judges/staff should have a private entrance and be able to get to their offices and hearing rooms by means of a private and secure corridor and circulation system.

16. Panic buttons wired to ring in the nearest 911 office shall be placed in the hearing room in a location convenient to the family court judge, and at the desks of the family court secretary/clerk and family case coordinator. If the area is not served by a 911 center, the panic button should ring into the sheriff's office, or other facility where law enforcement is available at all times. Remote/wireless panic buttons are strongly discouraged because the 911 center cannot know the location of the person pushing the panic button.

17. Pursuant to W. Va. Code § 51-2A-6(d), the family court judge may, when deemed necessary, ask the sheriff to assign a deputy to act as a bailiff during proceedings before the family court judge. The sheriff's office must be prepared to respond promptly when the panic button is pressed and bailiffs are requested.

MEMORANDUM #08-01

TO: Family Court Judges and County Commissions (as applicable)
FROM: Court Services/Lisa Tackett, Director
DATE: May 21, 2019 (Reissued); July 24, 2017 (REV)
RE: MINIMUM FAMILY COURT SPACE PER JUDGE

In March of 2003 the Supreme Court of Appeals adopted the minimum standards for Family Court. The standards are detailed in this memorandum for your review and convenience. They are adapted, with minimal revision, from previous communications.

According to the "Family Court Facility and Security Standards" (enclosed as Exhibit C) a headquarters' Family Court facility with one judge must include, at a minimum, the following:

Judge's Office	150 square feet
Courtroom	300 square feet
Case Coordinator's Office ¹	200 square feet
Secretary/Clerk's Office ²	200 square feet
Two Attorney Conference Rooms	240 total square feet (120 square feet each)
Two Waiting Rooms ³	400 to 800 total square feet (200 to 400 square feet each)
Two Private Restrooms ⁴	
Public Hallways	
Private Circulation Hallways	

ONE JUDGE TOTAL/Headquarters: 2,220 total office square feet minimum⁵
ONE JUDGE TOTAL/Non-Headquarters: 1,740 total office square feet minimum⁶

¹ Not required in non-Headquarters' counties.

² Not required in non-Headquarters' counties.

³ Calculations below presume average of 300 square feet per waiting room, or 600 square feet for two waiting rooms.

⁴ Presumes two (one male/one female) handicapped-accessible restrooms.

⁵ Standard formula presumes that 20% of the net square feet in a facility will be taken up with bathrooms and hallways. Therefore, the net square feet (1,850) x 20% = 370 additional square feet needed for restrooms and hallways. Therefore, the total square feet needed for the office is 850 + 370 = 2,220 square feet.

⁶ Net square feet (1,450) x 20% = 290 additional square footage needed for restrooms and hallways. Therefore, the total square feet needed for the office is 1,450 + 290 = 1,740 square feet.

Each additional judge in the office must have:

Judge's Office 150 square feet
Courtroom 300 square feet
Case Coordinator's Office⁷ 200 square feet
Secretary/Clerk's Office⁸ 200 square feet

EACH ADDITIONAL JUDGE/headquarters: 1,020 square feet minimum⁹
EACH ADDITIONAL JUDGE/Non-Headquarters: 540 square feet minimum¹⁰

For example, Kanawha County is a headquarters' county with four judges. The first judge would need a minimum of 2,220 square feet. Each additional judge would require a minimum of 1,020 square feet. That's 3,060 minimum square feet for three additional judges. Adding those numbers together yields 2,220 (first judge) + 3,060 (3 additional judges) = 5,280 minimum square feet needed for Kanawha County's Family Court facility.

Please note that these measurements do not include other rooms that are often added to family court facilities. Additional rooms include a bailiff's office, a copy room, kitchen space, a children's waiting room, and/or an inmate holding cell.

If you have any questions or concerns, please do not hesitate to call.

⁷ Not required in non-Headquarters' counties.

⁸ Not required in non-Headquarters' counties.

⁹ Net square feet (850) x 20% = 170 additional square feet needed for restrooms and hallways. Therefore, the total square footage needed for the additional judge is 850 + 170 = 1,020 square feet.

¹⁰ Net square feet (450) x 20% = 90 additional square feet needed for restrooms and hallways. Therefore, the total square footage needed for the additional judge is 450 + 90 = 540 square feet.

CVH Forms August 1 Deadline

Club presidents or their committee chairs should turn in their Celebrate Volunteer Hours forms to the county chair Charlene Burrows at the address listed in your blue yearbook or to the Extension Office by August 1 so that they can be sent to the state office. Certificates will be issued to the clubs at the annual Achievement & Demonstration Day in November. Harrison County was No. 1 in 2024. Let's do it again!

CEOS Donate Cleaning Supplies to Local Charities

The generosity of the Harrison County CEOS members came through at the July County Council meeting as hundreds of dollars worth of cleaning supplies were donated to pantries throughout the county. The recipients of the donations will be the Mustard Seed, the Quiet Dell United Methodist Church, the VA transitional housing program, and Horizons Church. The collecting of these supplies, which is spearheaded by the CEOS' Continuing Education Committee, is an annual happening that has become a traditional part of the CEOS' community service mission each summer.

Seeking 50-Year Members

Clubs having a member reaching the 50-year anniversary of their membership should contact the Extension office at 304-624-8650 by September 1 so the appropriate paperwork can be submitted to state leaders. Fifty-year members will be recognized and awarded a special certificate and pin at the annual state conference, and we will honor them again at Achievement Day in November.

Featured Project

Scarves for Veterans

This community service project has proven to be a popular one, both with the CEOS members and with the recipients at the Louis A. Johnson VA Medical Center.

A workshop to keep the ball (of yarn) rolling will be held at 9:30 a.m.,

Friday, August 8 at the 4-H Center. Bring

your knitting needles or crochet hooks to the workshop,

and your yarn will be provided. You can use your own pattern or go from the pattern on file at the Extension Office. There is no cost to attend this workshop.

If you can't make it and still wish to participate in the project, yarn will be made available at the Extension Office following the workshop. Drop off your finished scarves at the Extension Office between 8 a.m. and 4 p.m., Monday through Friday, and we will arrange to get them to the VA representatives around Thanksgiving.

Last year, CEOS members combined to donate more than 200 scarves, mats, and lap quilts. Let's see if that number can be topped in 2025.

*Thank
you*

*I appreciate all
you do!*

*Sincerely,
John Wickline,
Program Assistant*

Talk to Your Health Care Provider

Now is the perfect time to get a health checkup. Having regular checkups and being able to communicate openly and comfortably with your health care provider can help you make good health decisions and stay well. But some people, especially older adults, shy away from asking questions.

The best patient-provider relationship is a partnership. Both sides are responsible for good communication. To guide older patients in speaking with their doctors, the National Institutes of Health (NIH) offers "Talking with Your Doctor."

This new topic is on www.nia.nih.gov/health, a website created for older people.

"Most people know talking with their health care provider is important to their health care. As they age they are more likely to have health conditions and treatments to discuss," says Elaine Bowen, former West Virginia University Extension specialist. "The key is to know how to have that conversation."

This newest feature on the NIH Senior Health website has tips on talking with their doctor. Topics include how to prepare for a doctor visit, what to ask, what information to provide, and how to understand what the doctor says. You may also find the FDA's "My Medicine Record" to be a handy online tool. My Medicine Record can be found at www.fda.gov/drugs/resourcesforyou/ucm079489.htm. Save it to your computer and keep it updated. Keep a printed copy with you at all times. Print it out and share it when you visit your doctors, pharmacists, or other health professionals. Communicating with healthcare providers about all prescription and non-prescription medications, vitamins and herbal supplements is critical to your health. It helps assure medicines are given and used correctly.

Consumers who are informed can manage their personal health and work with their healthcare professionals to make the best decisions. Knowing the best websites for quality health information is important for consumers. Some of the most reliable online health resources include:

National Institutes of Health

Food and Drug Administration

MedlinePlus has more detailed health information

The West Virginia University School of Pharmacy's Center for Drug and Health Information (HTip) gives personalized answers about medications, web resources, and health conditions.

Women will find helpful information tailored to their needs at WomensHealth.gov.

The U.S. Department of Health and Human Services has the latest news for consumers on all health topics. Not all online resources are reliable. Avoid websites that sell products or services. They will have web addresses with ".com", and may contain information that is incomplete or incorrect. Incorrect information can be dangerous and harmful to your health.

WVU Extension's Heart Health Movement is adapted from the National Heart, Lung and Blood Institute's campaign and is targeted to help West Virginians become educated and enabled to take charge of their own health.
